

Covenant Partnership

I. Preamble & Spirit of the Partnership

This covenant represents an alliance between _____ and The Flood Legacy Foundation in bringing the Plug-and-Pray™ Marriage Enrichment System to both your congregation and throughout your local community.

We are not looking for customers. Rather, we are seeking partners who share our heart for strengthening and enriching marriages. Our desire is for couples to discover they do not need to pay high fees for counseling to improve their marriage; all they need is to engage in a church-led, Kingdom-focused program with proven results.

We are on a mission to save every marriage in America, one community at a time. And this time, that community is yours. Through this covenant, your church will invest in the marriages and families within your congregation and community, yielding lasting impact and growth.

II. Program Commitment

A. Covenant Term

Your church agrees to participate as a host of the Plug-and-Pray™ Marriage Enrichment System for a period of two years, offering at least one 16-week cycle per year. Each cycle serves 12

couples, with each spouse receiving a copy of the book for themselves, as well as copies for the facilitator couple and their training manuals.

Should you wish to expand beyond the one cycle, additional program kits may be purchased. These kits allow you to host an optional second (or even third) cycle in the same year or to launch additional groups led by other trained facilitators. For the sake of program integrity and effective group dynamics, each group is limited to 12 couples plus the married facilitator team.

B. Satisfaction Guarantee

If, after faithfully completing your first 16-week cycle of the Plug-and-Pray™ Marriage Enrichment System, your church does not feel this ministry is a fit for your congregation, The Flood Legacy Foundation will gladly release you from any further obligation.

C. National Network Recognition

Your church will be recognized as a certified Plug-and-Pray™ partner and listed on our national "Find a Location" directory at www.plug-and-pray.com. This visibility connects your church with couples actively seeking biblical marriage enrichment in your area, providing ongoing outreach opportunities and positioning your church as a trusted resource for marriage ministry.

As part of our network, you'll join a movement of churches committed to strengthening marriages and transforming communities. We believe when multiple hosts offer Plug-and-Pray™, it creates momentum, credibility, and Kingdom impact, rather than competition. And together, we are weaving a network of churches binding covenant love into the very fabric of Christ's Body.

D. Program Investment

Your church's investment of \$299 per cycle paid annually covers everything, including shipping:

- 26 copies of *Love Never Fails* (enough for each participant among the 12 couples and facilitators) at a deep discount off the normal retail price.
- 2 copies of the Facilitator Certification Manual with session outlines, counseling micro-skills, confidentiality guidelines, mandatory reporting information, and more.

- All reproducible forms, agreements, and consent materials
- 4-hour live online training for your facilitators with Dr. Flood, the program creator
- Ongoing facilitator support from Dr. Flood (email or phone) for the entire 16-week cycle
- Graduation celebration via Zoom with Dr. & Mrs. Flood at the completion of each cycle

Churches may also choose to invite a maximum participation fee of \$25 per couple for the 16-week program. This allows participating couples to absorb the ministry costs while enabling your church to recoup 100% of your total investment. However, charging more than that would violate our ministry philosophy of Luke 6:38, nullifying our covenant partnership.

All orders should be placed exclusively through the official Plug-and-Pray™ website located at www.plug-and-pray.com. Purchasing materials from any other source will violate this covenant partnership and the valuable services that accompany it at no additional cost, including your free facilitator certification training and ongoing support. Furthermore, there are no licensing fees, ever. Your freedom to host this program continues for as long as you choose to offer it.

E. Facilitator Requirements

All facilitators must be married couples and, unless they are part of the pastoral team, must also submit a pastoral recommendation. This form is included with the materials provided.

F. Graduation & Celebration

Dr. & Mrs. Flood will join your participants via Zoom at the completion of each program cycle for a 5-minute message of congratulations and encouragement, and are available for an optional Q&A session with all participants (for a duration up to 30 minutes which will be determined by your church). You may want to extend the final session schedule to accommodate this time.

III. Participant Engagement & Organic Growth

All participants (couples and facilitators) will complete a brief questionnaire that includes space for referrals. This encourages organic growth and creates natural connection points with other couples and churches.

Member-Driven Outreach: One of the most powerful aspects of the Plug-and-Pray™ system is that couples who experience transformation become natural ambassadors for the ministry. As they share their stories with friends, family, coworkers, and neighbors, your church becomes known as a place where marriages are strengthened and hope is restored. This organic, word-of-mouth growth is the heartbeat of the program and often leads to waiting lists for future cycles.

As part of faithfully stewarding this ministry, each host church agrees to provide short recorded testimonies from both the pastor and the facilitators who are leading the Plug-and-Pray™ Marriage Enrichment System. These reflections should be filmed in a consistent church location and will serve as invaluable encouragement for future participants, as they represent the ministry leaders directly shepherding their community.

Couples are warmly invited to volunteer their testimonies as well. Their stories are never required, and their anonymity will always be protected unless they specifically choose to be identified. When couples do share, simple prompts will be provided to make the process safe and comfortable. These stories (whether shared anonymously or openly) become powerful celebrations of what God is doing and inspiring invitations for other couples to join.

To safeguard these testimonies and honor the sacred trust of the group, every couple will be given a confidentiality agreement to sign, affirming that what is shared in the group remains within the group, except in cases where mandatory reporting is required (such as suspected harm to a child, vulnerable adult, or threat of self-harm). These commitments ensure that stories are told safely, truthfully, and in a way that blesses both your church and the larger Body of Christ.

IV. Optional Pathway for Couples in Crisis

Some couples may not yet be ready to enter the Plug-and-Pray™ Marriage Enrichment System due to the severity of their marital struggles. For these couples, Dr. Flood offers a specialized program called **Marital Triage**, an intensive, 8-week intervention designed to stabilize and restore marriages in crisis. This will be determined by Dr. Flood after consulting with the pastor and/or facilitator couple conducting the cycle.

Marital Triage includes eight 50-minute weekly counseling sessions with Dr. Flood, clinical assessments to identify key growth areas, weekly videos for guided learning, and structured assignments that prepare couples for lasting change. As with all of our services, this will be provided to referred couples at no cost to them. You can learn more at www.maritaltriage.org.

This allows at-risk couples to access professional-level intervention while preparing them to transition smoothly into the Plug-and-Pray™ Marriage Enrichment System once stabilized.

V. Covenant Spirit & Understanding

By signing this covenant, your church agrees to:

- Invest in marriages and families in your community over the next two years
- Participate fully in program cycles with trained, qualified facilitators
- Encourage couples to engage and complete the program

All services provided beyond the purchase of curriculum (including training, Zoom graduation call, and ongoing facilitator support) are ministry gifts from Dr. & Mrs. Flood. We look forward to a partnership that yields transformed marriages, stronger families, and a thriving community.
